C F C G
When I was just eight years old
C F C G
My mother came to me and that's what she told me:
C F C G
"You're somehow different, I don't know why,
C F Am G
But if you want you'll reach the sky"

C F C G
I grew up, searching my place
C F C G
But soon I felt I was from outer space
C F C G
What I needed was a friend
C F Am G
But no one really could understand me

--- CHORUS -----
C Am Dm G
I wish I was an ordinary girl
C Am Dm G
Living in an ordinary world
Am E Dm
Playing all the ordinary games people play
E Am G
Why can't I be the same

C F C G
I came to school, felt like imprisoned
C F C G
The teachers taught me things I didn't want to know
C F C G
Felt like a fool, couldn't find the reason
C F Am G
To learn 'bout algebra instead of Marilyn Monroe

C F C G
When I went out and everyone was partyin'
C F C G
Was only me who felt like in the wrong place
C F C G
I always wanted to be like everybody
C F Am G
With average thoughts and an average face

--- CHORUS -----

C Am Dm G
I wish I was an ordinary girl
C Am Dm G
Living in an ordinary world
Am E Dm
Playing all the ordinary games people play
E Am G
Why can't I be the same
