G          Em          Bm      C
I don't mind it,   I don't mind at all   It's like

G          Em          Bm      C
you're the swing set,   And I'm the kid that falls   It's like the

D      Em          D      C
way we fight,   The times I've cried

      D      Em          D      C
We come to blows,   And every night

      D      Em          D      Am      D
The passion's there,   So it's got to be right,   Right?
```

--- CHORUS -----

```
      G          Em          C          D          G
No I don't believe you,   When you say don't come around here no more

G          Em          C          D
I won't remind you,   You said we wouldn't be apart

      G          Em          C          D          G
No I don't believe you,   When you say you don't need me anymore

G          Em          C          D
So don't pretend to,   Not love me at all
