# "Reason to Believe"

G                    D                    G  
If I listened long enough to you  
                  C                    D                    G  
I'd find a way to believe that it's all true  
A                    D                    C                    G  
Knowing that you lied straight faced while I cried  
                  Em                    C                    D  
Still I look to find a reason to believe

--- CHORUS -----

                  C                    D                    Em                    D  
Someone like you makes it hard to live without somebody else  
                  C                    D                    Em                    D  
Someone like you makes it easy to give never thinking about myself  
-----

G                    D                    G                    C G

I'd find a way to leave the past behind  
A                    D                    C                    G
